THE FIREMEN.—The fourth annual convention of the Maryland State Firemen's Association began at Cumberland yesterday with about thirty companies present. In the morning at 10 o'clock a grand barquet, at which about 6 000 visitors were present, was Brewery shortly after given in the City Hall.

It was a great day for Cumberland.
The city was crowded with visiting firemen. The parade was the grandest sight

ever witnessed there. The prize for largest display was awarded to the First Hose Company,

of Hagerstown, Md.

The judges were Dr. C. H. Brace, Mr. J. J. McHenry and Postmaster D. E. Kean. They delivered to the Columbia Company, of this city, a testi-monial for the handsome appearance made by the company in the parade, and expressed regret that there was no prize for the company presenting the best general appearance.

This expression from the judges was

unexpected by the Columbia boys, as they had expected all honors in line of parade to have been awarded to companies resident in this vicinity, and who were enabled to bring their entire membership. This is an unexpected honor.

The parade required nearly forty-five minutes to pass a given point, and is generally conceded to have been the finest that has taken place in the history of the association. The firemen were all handsomely uniformed and were greeted with great enthusiasm at every turn by the large assemblage crowding

every available space for observation.

The second division was headed by the Friendship Drum Corps, of Alexan-dria, 10 men, M. F. Padgett, leader; Columbia Steam Fire Engine Company, No. 4, of Alexandria, 30 members, Jno. H. Strider, vice-president, with their apparatus in line.

The boys are now anxiously await ing the engine contest.

THE COLUMBIA AGAIN VICTORIOUS. The following dispatch was received t this office this afternoon:

CUMBERLAND, MD., June 11.
The "Columbia" is again victorious. she having won in the engine contest, throwing 175 feet (25 feet over the required distance) in seven minutes and ne second. The Enterprise engine of was brought before the Hagerstown was entered. The Union engine of Winchester failed to put in its appearance. The Columbia company will get home Friday night at 10:30 o'clock.

Upon the receipt of this information the Columbia bell was rung and there was great rejoicing among the friends of the company and the community generally.

POLICE COURT .- The following cases were disposed of last night:

A colored boy, charged with breaking a window on King street, was dismissed upon his mother promising to whip him.

A colored boy, charged with shooting gun in the city limits, was fined \$2.50.

The following cases were disposed of this morning:
Charles Lovelace, arrested by Officers Roberts and Howson, charged with abusing his wife, was dismissed.

Wm. Gibbs, colored, arrested by Officers Lyles and Roberts, charged with disorderly conduct and fighting, was fined \$5. George Lamb, arrested by Lieuten-

ant Smith for shooting Samuel Lamb, was bailed for his appearance on the

Edward Timberlink, colored, arrested by Officers Wilkinson and Lyles charged with stealing a coat and vest, had his case continued. A man, arrested by Officer Howson

with conducting gambling, was dismissed, and the plaintiff, who treated the court with contempt and refused to sustain the charges, made pay the costs of the case.

RESIGNATION.-Captain George A. And praise at the meeting last night the sale praise at the meeting last night the sum praise at the meeting last night the following recommendations of the executive committee were presented for discussion:

RESIGNATION.—Captain George A. Mushbach has forwarded his refignation as captain of the Alexandrie Light Infantry to the Governor. Captain Mushbach has commanded the Light Infantry for the past thirteen years, and during that period has devoted much of his time to bringing the company up to its present high standing, and the fact that he has resigned is generally regretted. As heretofore stated, the captain has resigned as a member of the Common Council from member of the Common Council from the Third ward, and it is understood

316 KING STREET.

THE ELECTRIC RAILWAY has run cars to-day between this city and Washington on schedule time. Barring a few slight impediments incident to all new railways, everything has worked satisfactorily, and the convenience af-forded by hourly trips, arrival and de-parture, of the cars in a central part of the city is being appreciated by the public. The running of the King and Royal street cars was interfered with yesterday on account of the new time-table of the cars between Washington and Alexandria, but the same trips will be made to the depot, the wharf and south Fairfax street as heretofore. This morning workmen who were engaged in removing the feed wires from lower Fairfax street were stopped in their work by Officer Sherwood and the matter reported to the Mayor, who made immediate inquiry. It was learned that it was the intention of the company to remove the feed wires from that thorough fare, as they were useless, from the fact that a current sufficient to operate two miles of railroad can be obtained from the trolly wire alone, and that there was no intention of abandoning the street. The Mayor allowed the work to proceed. This incident gave rise to a rumor that the Fairfax-street track was being pulled up.

FIRE.-The alarm of fire about 11:30 this morning was caused by the partial burning of a frame stable in the rear of three frame houses on St. Asaph street, between Queen and Princess streets, owned by the estate of the late John Lannon. The stable was used by Mr. W. H. Hardy and in it was a small quantity of hay and some harness. The atter was taken out without damage. The fire is supposed to have been caused by some children who had been playing in the stable. The flames were extinguished by the Hydraulion and Relies Companies, the Columbia Company having misunderstood the alarm and gone to another part of the city. The loss by the fire is slight.

THE FETE CHAMPETRE last evening. corner St. Asaph and Wolfe streets, was an unqualified success. The spacious and beautiful grounds were brilliantly illuminated in an ingenious and artistic style, which, with merriment among the little folks, and genial, social intercourse of their seniors, rendered it a picture of beauty and enjoyment. The young ladies desire to extend their thanks to Mr. French Smoot for the use of lumber for the occasion and to Messrs Benjamin Jacobs and Peverel Smythe for their generous labor and good taste in the decorations. The fete good taste in the decorations. The fete will close this evening, when it is hoped the ladies may be still further rewarded by a rousing attendance.

TO SECURE

Are questions which occupy the mind of alnost every Lady. In the early days of modern civilization laws were passed prohibiting women from enhancing their charms by arti ficial means, but to-day a lady who does no cossess the necessary adjuncts for such improvements, does not conform to the demands of the times. It is a part of woman's sphere to make herself as beautiful as possible. Im provement in looks, improvement in complexion, and improvement in physical condition can be easily secured, if a lady will only follow the laws of common sense, by wearing ole of our AMERICAN LADY CORSETS; we now have in stock. No. 900. Six Hook Extra long waist.

This Corset is made of best quality jeans and stiffened with wide bones. Front steels are 141/2 inches long, and have six clasps. We offer it as one of our best values for the price, and are confident it will please the most fastidious.

The AMERICAN LADY NURSING COR SET for \$1 is the best on the market.

A better value cannot be found than ou 50c brand of the AMERICAN LADY COR SET. Same grade also in a Summer Corset Our 75c and \$1 Corsets are of great merit and give universal satifaction.
